LITERATURE OF THE DAY. THE HIGHLAND TARGET.

Imported and Domestic Segars. Madison Square later, and its final disappearance from the Highland regiments is not much beyond living memory. Certainly one who possessed an ancestral target like those figured here might be axcused for not willingly putting it aside as obsolute. - The Saturday Re-

A GIRUS WORK AT HOME. Give the girls a chance. They need noney and the discipline of carning it as

ssitates the hiring of a girl to take their minate in three days. There is one point, place in the nitchen. In this way the prac- however, to be remembered in the ger tical value of girls is apt to be realized; mination of seed, that is, the older the seed there is nothing so convincing as an appeal | the slower it germinates, and also, as a rule to the pocket-book. If the daughter shows the less it will-develop as a plant; yet the no special inclination toward any particular seed-bearing qualities do not thereby week branch of industry, but serve and save at to be injured. On the contrary, very often nome, pay them for their work. It amounts | the seed yield of a plant is diminished by a o the same thing in the end; you buy their too luxuriant growth, and from a well-known and they make their own purchases; in reality, their greatest gain is in independence, in self-reliance, in good judgment in corn. How was it? Husking it when ripe, purchasing, in decision of character. They hanging it up in the wigwam in the sincker are personally interested in spending their of the fire, and just before winter burying

LONGFELLOW'S FIRST WIFE

July 30-Made the acquaintance of two merican ladies, and was much pleased Appleton, was a near neighbor and a friend of theirs-a most beautiful girl, whom thirty oold gentlemen sought to win! She came to Europe, and met Longfellow in the Black country in poetic simplicity, and speaks of herself as the happiest woman possible. My friend heard him read his prize poem at he college so exquisitely that their orator, Everett, said he could hardly bear to speak after him .- Memories of a Friend-Caro-

ARAB BALL-PLAY.

About fifteen Arab boys and men-some about as big as an orange. One would to catch it before it fell. The one who caught it repeated the action of the first; and so the group of players, always following the ball, were in constant movement ended to. Work guaranteed to give satisfaction from one point to another. The curious Old men and boys, all were equally serious and intent upon the game, as upon some necessary labor, and only their panting preath and the sound of the feet could be heard .- Morocco ; Its People and Places-

INDIAN JUGGLING. A man is now in Calentta, hailing from

Delhi, of the name of Burah Khau, who has attained a simply wonderful excellence in the magical art. We ourselves had the pleasure of witnessing some astonishing of his fist.

feats achieved by this man a short time ago at the hospitable residence of the Dutt family, of Wellington Square. We shall mention only one out of several feats performed Many readers will be surprised to learn by Bursh Khan and his company, who cannow moderate were its dimensions. The sist of three females. One of these, a young specimens here figured are not more than woman, was tied most securely. Her hands, twenty or twenty-one inches in diameter, feet, and body were so fastened that who comewhat about half the width of the great | could only stir, and no more. She was, in round shield borne by the Homeric heroes, fact, deprived entirely of the power to turn Probably the Highland men were in the her limbs to any use. She was then placed right of it; their target made up in handi- under a conical shaped cover. People satness what it abandoned in area. Being of close round the skirts of the cloth, which no great weight, it would be rapidly mov. had been thrown over the cover .. No means able, and to a certain extent it could even be. of escape was left to the young woman? a weapon of offense, for in several of these But yet, after the lapse of five or ten mind examples a formidable spike may be affixed utes, the cover was removed and the would to the central boss. When this is not in was found to have disappeared altogether. use, a case is provided for it in the deerskin | When her name, however, was called out by lining of the inner side. The material of Burah Khan, her voice was heard from the the target is wood covered with leather; veranda above. This performance that metal-covered or metal shields are found place in the compound of the family read, only as exceptions. Mr. Drummond has dence of our friends, the Dutts, and the figured one bronze shield dug out of a veranda is in the lofty second story, forme marsh, and ornamented in a thoroughly ing a part of the female apartments. Sind archaic style, and one plain iron one, of was there found responding to the call of whose date nothing is stated or conjectured. Burah Khan, to the surprise of everybody The regular covering of leather gave occa- present. The woman did not, and could sion for excellent ornamental work. It is not know the topography of the house best described in bookbinders' language as But how she extricated herself and made blind tooling; and indeed there are many her way high above to the veranda from patterns on these targets from which the within the cover, surprises us to such a demodern bookbinder might well take a hint. gree that we cannot account for the feat on The flowing interlaced curves of some of any natural grounds. Even if she was furthem show a really admirable decorative nished with wings, it is inexplicable how taste and execution. We likewise find, she got out of the cover, maseen and suppersometimes together with this kind of orns ceived, except on the supposition that some ment, sometimes instead of it, symmetrical supernatural agency had been employed, arrangements of nail-heads and metal stude, But she herself asserted that she worked and now and then of larger brass plates. the feat by flum. We are sure that, These additions would to some extent in. Burah Khan gives a few performances at crease the strength of the target, but their the Town Hall in Calcutta, he will draw first purpose was evidently decoration. It bumper houses, and astonish the whole was not until the seventeenth century that Calcutta public, especially the European shields were fairly discarded in the rest of community. But these people do not, una Europe. The swordsmen of Italy and fortunately, know how to make money, still France made the discovery, which at the less how to make themselves acceptable to ime must have seemed a paradox, that the the European community of the city. Burnle raveling northward; the Highlandman editor of the Pioneer, and many European clung to his target for more than a century noblemen and gentlemen who have wisnessed his feats in different parts of India

The Prairie Farmer offers the following as a test relative to the vitality of seed corn "The reed will be plump, bright and without any wasted appearance in the 'skin'

Furnaces, Stoves, Etc. for every postage-stamp, shoe-lace, or box from mice and other vermin."

HOW TO GO TO SLEEP

remedy for want of sleep. Opintes in any form, even the Liquor opil sedat and oblofor myself-and have frequently done so for others—onions; simply common

Poverty is an admirable and terrible trial, from which the weak come forth infamous and the strong sublime. It is the emeible into which destiny throws a man whenever it wishes to have a scoundrel or a domi-god

How often events by chance and mex pectedly come to pass, which you had not dared even to hope for.

Our worst foe is our natural and inveter He who betrays the confidence of some is not worthy the confidence of another."

Never strike a horse that is pulling its best even if the progress be slow. A vile topque is a rathless weapon. I am
